

SP 22.1 EEO Preaward Clearance

Substantive changes made for the 3-30-06 revision:

1. Modifies the first bullet in SCOPE to be clearer and more thorough.
2. Changes the DEFINITIONS of “EEO Preaward Clearance” and “OFCCP” to comply with FAR.
3. Adds the introductory paragraph to the “Request for EEO Preaward Clearance” regarding the OFCCP Registry to comply with the FAR, and requires that the file be documented if the subcontractor is listed in the Registry.
4. Modifies the first paragraph of “Request for EEO Preaward Clearance” to eliminate going through the DOE Berkeley Lab Site Office.
5. Deletes the paragraph identifying FAR 52.222-28 as a flowdown requirement, because this clause is no longer in the FAR.
6. Deletes the “Contractor Purchasing System” prime contract clause, because in Contract 31, the equivalent clause does not address Equal Opportunity Preaward Clearance as did Contract 98.
7. Adds REFERENCE to prime contract clause I.24.
